

The screenshot displays a network management software interface. The top section shows a list of devices with columns for name, IP address, and status. Below this, a detailed view of a selected device is shown, including its configuration and a small image of the hardware device.

Device Name	IP Address	Status
192.168.1.1	192.168.1.1	Online
192.168.1.2	192.168.1.2	Offline
192.168.1.3	192.168.1.3	Online
192.168.1.4	192.168.1.4	Offline
192.168.1.5	192.168.1.5	Online
192.168.1.6	192.168.1.6	Offline
192.168.1.7	192.168.1.7	Online
192.168.1.8	192.168.1.8	Offline
192.168.1.9	192.168.1.9	Online
192.168.1.10	192.168.1.10	Offline

The detailed view shows the following information for the selected device:

- Device Name:** 192.168.1.1
- IP Address:** 192.168.1.1
- Status:** Online
- Configuration:** (Details about the device's settings)
- Image:** A small image of the network device hardware.
