

The screenshot displays a network management software interface. The top section shows a list of devices with columns for name, IP address, and status. Below this, a detailed view of a specific device is shown, including its configuration and a small image of the hardware device.

Device Name	IP Address	Status
192.168.1.1	192.168.1.1	Online
192.168.1.2	192.168.1.2	Offline
192.168.1.3	192.168.1.3	Online
192.168.1.4	192.168.1.4	Offline
192.168.1.5	192.168.1.5	Online
192.168.1.6	192.168.1.6	Offline
192.168.1.7	192.168.1.7	Online
192.168.1.8	192.168.1.8	Offline
192.168.1.9	192.168.1.9	Online
192.168.1.10	192.168.1.10	Offline

The detailed view shows the following information:

- Device Name:** 192.168.1.1
- IP Address:** 192.168.1.1
- Status:** Online
- Configuration:** Detailed settings for the device, including network parameters.
- Hardware Image:** A small image of the physical device, which appears to be a network switch or router.
