
An advertisement for anti-rust coating services. The background shows a blue steel structure under construction. Overlaid on this is a dark blue semi-transparent box with white text. The main headline is '防錆・塗着補強' (Anti-rust/Coating Reinforcement). A yellow circle with '塗めQ' is positioned to the left of the headline. Below the headline, smaller white text reads: '子ノ子ケノケが、一歩でも防錆性を高めること、又やむを得ない場合は、塗装が有効です。' (Even a small step in rust prevention, or in some cases, coating is effective). At the bottom left of the dark blue box is the company name '新井建設・建設会社' (Shinai Construction/Construction Company). To the right of the dark blue box is a circular logo with '美化事故防止' (Aesthetics/Accident Prevention).
