SUSTAINABLE DEVELOPMENT GOALS

The banner features the Okuyama University logo and name at the top. Below it, the main text in bold Japanese characters announces the start of a joint research project on the correlation between driver behavior and health. A sub-headline explains the goal: to contribute to solving the shortage of personnel in the transportation and logistics industry by promoting driver health and safety. The background shows a cityscape with a blue sky and white clouds. On the right side, there is a small inset photo of four people standing on a stage in front of a blue and white checkered backdrop. At the bottom, there are logos for 'Sustainable Development Goals' and a tagline in Japanese: '岡山から世界に、新たな価値を創造し続けるSDGs推進研究大学'.
